## Stories

Stories this month focus on the themes of camping, picnics, the fair, carnivals, and summer safety.

## Activities

All classes are working on a variety of fine and gross motor skills with craft projects and activities. The classes have participated in science experiments and made moon sand. Swimming and water days will continue through the week of July 30th. All staff have been working with all age groups to gradually transition them to their new fall classrooms and groups. Children will be grouped by birthdate (as of age on July 31) to create school peer groups. The new groups will begin class together on Aug. 6 and will have a two-week transition time to adjust to new routines before beginning curriculum on Aug. 20.
