

June Daycare News

Themes

Creation: water animals and habitats
Other: travel, vacation, and seasons

Scripture Focus:

Psalm 74:17, "You set all the boundaries of the earth. You made summer and winter."

Stories

This month our stories, songs, poems and finger plays focus on our themes and include books about animals and habitats, transportation, weather, and other summer topics.

Activities

We started water/pool play this month. More information can be found on the website at csbcdaycare.com! Classes will also be doing a variety of games, activities, explorations, crafts and experiments that focus on summer fun, character building and fine and gross motor skills. If you want to help us learn more about summer events, vacation, and travel, feel free to send your "story" and 1-3 pictures via email to director.csbcd@gmail.com and we will read them to our classes!

Announcements

Our ProCare system is being updated to provide more parent resources. While the upgrade is in progress, the sign in kiosk will be out of service. If you have not signed up for the electronic newsletter, you can do that by visiting the website.

Important Dates

July is enrollment month. All families will be provided with yearly enrollment paperwork to complete. A new parent handbook will be sent home at that time.

Reminders

Please apply sunscreen to your children each day before bringing them to the center. Staff will reapply sunscreen throughout the day. Children will play outside at least once a day as long as temperatures are not too high. Please send your child in play clothes/shoes and please do not send spray sunscreen. If there are changes to your child's schedule, please notify center staff. Thank you for helping us prepare effectively for staffing and food services.
